SUMMARY

I am a B.Tech student specializing in Computer Science with a focus on Artificial Intelligence and Machine Learning. With experience in developing a mobile quiz application using Java and Android Studio, I have demonstrated my ability to enhance user experience and integrate multiple functionalities. I am eager to expand my skills further and contribute to innovative projects in the tech space.

EDUCATION

Bachelor of Technology (B.Tech)

CMR Technical Campus

📅 08/2023 - 05/2027 📍 Telangana

SKILLS

Python

Java

Android Studio

PROJECTS

Android Quiz App

📅 01/2023

A mobile quiz application that offers users questions sorted by categories and tracks real-time scores.

- Developed a mobile quiz application with category-based questions and timers using Java in Android Studio.
- Integrated multiple activities such as question display, score screen, and category selection.
- Enhanced user experience through UI upgrades and added logic for real-time score tracking.
